

# DURAMET® Polyester

## Metallized & Top-coated High Barrier Polyester

### A Superior Barrier Solution

DURAMET® polyester on the right versus traditional 4-ply structure

## A new level of Substrate Barrier suitable for:

- ◆ Foil replacement
- ◆ Layer elimination opportunities
- ◆ High stress applications with good performance in Gelbo flexing

The **DURAMET®** process can be applied on different Substrates for customization to individual requirements.

## The Barrier People
