

# FOIL-ALOX™

## Innovative in High Barrier Transparent Films

Now offering the latest **transparent barrier innovation** of AlOx coating on a range of substrates.

Fulfilling your objectives is now possible with our full range of packaging solutions.

- ◆ **High barrier** substrates for **foil replacement**
- ◆ Sustainable solutions with **compostable** and
- ◆ **Recycle-ready** substrates

We have you covered to meet all your unique packaging needs.

You can also create a fully customized product with **contract coating** provided on your supplied substrate.

We look forward to partnering and growing with you.
