

ULTRAMET® PET

Incredible Metal Bond Strength, combined with Excellent Barrier Properties

Your solution to your metal adhesion, lamination and barrier challenges encompassed in the **ULTRAMET®** line-up of polyester films.

Metallized polyester films **all** with **ultra-high metal adhesion**, certified to a minimum of **1000 g/in.**

ULTRAMET & ULTRAMET WR PET
ULTRAMET Metal adhesion properties with additional water resistance.

Moisture barrier - 0.05 g/100in²/24 hr.
Oxygen barrier - 0.07 cc/100in²/24 hr.

ULTRAMET HB & ULTRAMET WR HB PET
Excellent oxygen and moisture barrier values.

Water resistance properties.

Moisture barrier - 0.03 g/100in²/24 hr.
Oxygen barrier - 0.03 cc/100in²/24 hr.

Applications: food packaging, liquid packaging where improved metal adhesion, excellent barrier and water resistance is required.

The Barrier People
